INK & TONER USA OFFERS QUICKBOOKS TRAINING

WEST PALM BEACH, FL, November 25, 2008 – INK & TONER USA now offers comprehensive QuickBooks training designed for the operation of an ink and toner business.

“Since 2006, we’ve provided QuickBooks education as a component of our training and licensing program for entrepreneurs wanting to open ink and toner stores,” says Bob Bloom, vice-president and COO. “We’ve had multiple requests for QuickBooks training as a stand-alone course, and now it is available. Most QuickBooks courses teach you how to use the various modules, but they don’t teach you how to apply what you learned to your business. Our program teaches you step-by-step how to perform every required function in a logical progression.”

“Our QuickBooks education customized for a retail environment is unmatched anywhere,” adds Jane Bloom, president and CEO. “Attendees are taught to do everything they need in regards to QuickBooks – from the day-to-day store operation to the back-office bookkeeping – even if they have no bookkeeping experience.”
